### **Instructables**

Don't live in Brookline or want more specific project ideas? Instructables is a great free resource for learning more about maker-y technology and skills!

[instructables.com](http://instructables.com)

### **YouTube**

It isn't all prank videos and make-up how-to's! YouTube is a great resource for finding free software tutorials. Just search for the name of the program you're trying to learn!
