

## **FOOD AND DRINK POLICY**

Snacks are permitted in most areas of the library, unless posted signs indicate otherwise. Food and beverages should not be disruptive (i.e. messy, noisy, etc.) to others or damage library property. If so, staff will use their discretion in relocating patrons or asking them to put their food away.

Occasionally, the Library sponsors events which include food service. The location and food guidelines specific to each sponsored event are carefully selected and approved by Library Administration.

**Alcoholic drinks are not permitted in the Library.**

Please help keep the Library clean by disposing of your containers when finished. If you see a spill, please notify a staff member as soon as possible.
